

The Geocentrix is a fun and challenging climber that doubles as a functional link for Xscape play systems. This climber features numerous ladders arranged in a triangular prism that can be climbed on both sides. The versatility of this play element enhances a child's decision-making skills as they decide where to climb next.

Features and Benefits:

- Enhances upper body and core strength
- Promotes balance and coordination development
- Develops fine motor skills and hand-eye coordination
- Features a modern, sleek design; expertly crafted with durable materials
