

Log Crawl Thru

Enjoy the wonders of the forest floor as children climb over and through this realistically designed fallen log! This large, hand sculpted piece allows children to climb over or enter and exit easily, while the interior provides a comfortable place to gather with friends or to rest in this unique log hideaway. The Log Crawl Through features a knothole on one side for visibility into and out of the tree tunnel. The log also bolts securely to its foundation making it a durable piece for any trail or play space.

FEATURES AND BENEFITS:

- Hand sculpted and hand painted GFRC log creates attractive and realistic look for your trail or play space
- Tactile log design creates easy-to-climb surface with sculpted grooves for hand and foot grips.
- Large, realistic log provides endless possibilities for imaginative play
- Provides shade and comfortable place to gather with friends
- Knothole provides visibility into and out of tree tunnel
- Bolts securely to foundation making it a durable piece for any trail or play space.
