

Surfboard

The Surfboard is designed at wheelchair transfer height so a child can easily move onto the Surfboard and start to play! The surface area is spacious enough for several children to sit or stand together. The upturned arms allow the user to sit or lie supported on the surface, which is beneficial for those who require some extra postural support. The wide surface is covered in a texturized poured rubber ensuring users feel safe and secure while sitting or standing.

FEATURES AND BENEFITS:

- ❑ Upturned ends provide postural support when seated or lying down
- ❑ Textured surface is made from poured rubber coating to provide a secure standing or seating area
- ❑ Smooth rocking motion is fun for one or more users and unique design prevents either end from hitting the ground
