

## Caterpillar Crawl Tube

Crawl tubes provide children with a fun way to explore and discover a play area. Our Caterpillar Crawl Tube is ideally suited for younger children (ages 2-5) with built in porthole windows that double as handholds. Children enter the tube at either side and climb or crawl up and through to the other side. Includes horseshoe supports.

## FEATURES AND BENEFITS:

- ❑ Encourages imaginative play, as well as exploration and discovery
- ❑ Porthole windows create effective sight lines for children and adults to see one another and double as handholds
- ❑ Caterpillar arch design promotes active play and adds an extra element of fun
- ❑ Crawl Tube available in any of our plastic colors
