

Assisted Functional Trainer

The Assisted Functional Trainer provides a wide range of fitness benefits for users of all ages and fitness levels. Designed specifically for the Active Aging community, it includes unique design elements that provide additional support for users who need assistance. The center platform provides opportunities for step-up/step-down or step-up/step-over exercises, as well as stretching exercises. Using the Comfort Seat on one end, or from a mobility device, users can transition from a seated to standing position to enhance balance and functional fitness. All handrails feature our ComfortGrip coating for improved grip/grasp and the step platform features a treaded surface for enhanced traction.

FEATURES AND BENEFITS:

- ❑ Functional fitness trainer for balance/flexibility, core strength
- ❑ Step platform can be used for step exercises or stretches
- ❑ Handrails feature ComfortGrip coating for enhanced grip/grasp
- ❑ Step platform features treaded surface for additional traction
- ❑ Constructed of durable, recyclable materials and backed by the industry's leading warranty
- ❑ Product requires impact attenuating surfacing to comply with ASTM F3101-15. Your GameTime representative will offer recommendations and products to meet these guidelines.
