

Tree Stump

Don't be stumped when looking for a great piece to add to your play pocket. GameTime has the perfect solution! Our Tree Stump is constructed of hand-sculpted and hand-painted GFRC which creates a visually appealing, realistic look for educational and imaginative play opportunities on the trail or playground. Stumps can be configured in a variety of ways to create a seating area, stepping stones or an access step for a play system.

FEATURES AND BENEFITS:

- Hand sculpted and hand painted glass fiber reinforced concrete (GFRC) create visually-appealing, realistic look for educational and imaginative play opportunities along the trail or on the playground.
- Tree Stumps can be configured a variety of ways to create fun social centers, outdoor classrooms or places to picnic.
- Tree Stumps can be configured with one large mushroom and three small mushrooms for ADA seating
- GFRC design creates sturdy base for seating or for stepping across a forest-inspired path of play
