

Gt Jam Box

The latest addition to our GT Jams family, GT JamBox is a fun way to add [musical play](#) to your playground. Children can select from five different realistic sounds and play songs using a full 8-note scale. The smooth rounded plastic housing is available in any of our vibrant plastic colors and the instrument selector and note “buttons” are touch sensitive to make it easy for children of all abilities to create a symphony of sound. Available for PowerScape and PrimeTime play systems. Includes mounting hardware.

FEATURES AND BENEFITS:

- ❑ Five realistic sounds and instruments: Cat, Percussion, Electric Piano, Saxophone, Electric Guitar
- ❑ Polyphonic electronics allow multiple notes to be played at the same time
- ❑ Touch sensitive “buttons” respond to the slightest skin contact - perfect for children with limited mobility or hypotonia
- ❑ Power-efficient design with over 1,000 hours of use on a set of batteries
- ❑ Offers a fun, collaborative and social play activity for children of all abilities
