

## 90 Degree Play Port Bridge

We took our new Play Port Funnel Bridge and gave it a 90-degree turn to provide more design flexibility for your PowerScape play system. A GameTime exclusive, the PlayPort 90-Degree Funnel Bridge is a fun way to connect two sections of a PowerScape play system. The funnel shape lets children look over the rail and down to the playground below and the Play Port in the middle of the span allows the installation of a climber, slide or other attachment.

## FEATURES AND BENEFITS:

- ❑ Connects two sections of the play system with a fun, two-deck span
- ❑ Allows a climber, slide or other attachment to be installed along the bridge
- ❑ 90-degree turn in the bridge provides more fun and design flexibility
- ❑ Choose from any of our standard metal colors
- ❑ Available in standard or Timbers
- ❑ Available for deck heights of 1'6" - 8'
- ❑ Durable, all-steel construction is backed by industry's best warranty
