

Sensory Wave® Climber Ground Level Transfer

The Sensory Wave Climber™ is the industry's first playground climber that allows children of all abilities to enjoy the benefits of climbing while enhancing sensory development. Strategically placed molded-in grips, hand holds and transfer area provide additional support for children of all abilities to maneuver through the climber. With a wide array of auditory, visual and tactile sensors, you can create a sensory-rich freestanding or play system experience for all. *This features auditory sensors with adaptive switch capability.*

FEATURES AND BENEFITS:

- ❑ Features auditory sensors with adaptive switch capability
- ❑ Available in five freestanding configurations
- ❑ Can be used as a ground to deck attachment or deck-to-deck link
- ❑ Constructed of durable, recyclable materials and backed by the industry's leading warranty
