

Honeycomb - Set of 6

Play areas will be abuzz as children venture into the honeycomb to discover the exciting world of bees. This play pocket favorite promotes imaginative play as children climb from cell to cell, or gather to socialize with friends. The tactile hexagonal designs provide sensory benefits as children learn about the realistic honeycomb shapes, and the side view ports allow visibility into and out of the honeycomb to promote interactive play with parents or with other children. The Honeycomb will “bee” a hit in any play area!

FEATURES AND BENEFITS:

- ❑ Designed with single-wall rotationally molded plastic and steel pipe reinforced rings for strength and durability
- ❑ Tactile Honeycomb design etched into plastic provides sensory benefits and imaginative play opportunities
- ❑ Side view ports provide visibility into and out of each cell
- ❑ Self-draining design prevents water pooling
- ❑ Honeycomb cells provide shade and a great place to gather and socialize with friends.
