

Funnel Bridge (3D) - 1-Deck

Design Features: Consistent PowerScape 3D design language

Handrail is wider than the footpath, creating a funnel appearance

Available in any combination of metal and HDPE colors Benefits: Provides a stylish way to link two sections of the play system across a single deck span (4')

Bridges offer a fun way to explore the play system The PowerScape 3D Funnel Bridge is a stylish take on our standard Funnel Bridge. Routed HDPE and punched steel pattern is consistent with the rest of the 3D enhancement products and is backed by the industry's leading warranty.
