

RockScape™ Vertical Rock Climber

The Vertical Rock Climber is a versatile component of a RockScape climbing course. Use it with other Vertical Rock Climbers to create a rock wall that is seven-and-a-half feet high; attach it to any of our RockScape metal climbers or between two Arch Rocks to create your own mountain range.

FEATURES AND BENEFITS:

- ❑ Rock climbers constructed of durable, recyclable plastic materials
- ❑ Smooth edges are more comfortable than natural boulders
- ❑ Affordable option for adding rock climbing activities to your playground
