Recycled Loose Fill Rubber

Made from 100% clean, recycled tire material, these resilient rubber chunks offer the best impact absorbing properties of all loose fill surfaces. It is unique among loose fill surfaces because of the color choices available. Despite the higher initial investment, Recycled Loose Fill Rubber can be more economical than Engineered Wood Fiber since it doesn't decompose, requiring fewer top-offs. GT Impax Loose Fill Rubber drains well after a rain and will not attract insects or animals. [Learn more](#)
